

Early Childhood Education, AAS

AAS Early Childhood Education Program Learning Outcomes

At the successful completion of this program, students will be able to:

1. Analyze and discuss child development theories.
2. Develop and implement strategies for building school, family, and community relationships.
3. Demonstrate knowledge of a variety of assessments (formal and informal) and evaluate data relative to developmental needs of children.
4. Create and teach developmentally and culturally appropriate curriculum.
5. Model moral and ethical practices within the early childhood profession.
