

General Studies, AA/AS

Program Description

Undergraduate education offers not only specialized knowledge and professional skills, but also the multiple views and general intellectual abilities developed by the study of liberal arts and sciences. General Education is the component of the undergraduate curriculum devoted to exposing students to multiple areas of knowledge, methods of inquiry, and ideas that the University and scholarly community believe are common to well-educated persons. Ideally, General Education empowers individuals, liberates the mind from ignorance, and cultivates social responsibility. General Education forms the basis for developing important intellectual capacities and skills. It also provides a strong foundation for future learning, both within a college major and for the rest of one's life.

Program Curriculum

60 credits

Utah Tech General Education Requirements

All Utah Tech General Education requirements must be fulfilled. A previously earned degree may fulfill those requirements, but courses must be equivalent to Utah Tech's minimum General Education standards in American Institutions, English, and Mathematics.

General Education Core Requirements (<https://catalog.utahtech.edu/programs/generaleducation/#gerequirementstext>)

Code	Title	Hours
	English	3-7
	Mathematics	3-5
	American Institutions	3-6
	Life Sciences	3-10
	Physical Sciences	3-5
	Fine Arts	3
	Literature/Humanities	3
	Social & Behavioral Sciences	3

Code	Title	Hours
	Associate of Arts: Foreign Language Requirement	3-8

Complete one of the following:

- Complete 8 credits numbered 1000 or above in a single foreign language, through earned credit (grade C or higher), credit by examination, or vertical credit from the courses listed on the GE Foreign Language Requirement page¹
- Complete a 1020 or higher foreign language course listed below (grade C or higher)
- Receive 8 FLATS exam credits for FLAT 1000
- Receive 8 transfer credits GEFL 1000 (grade C or higher) in a language not currently taught at Utah Tech

Available only to students who are nonnative English speakers, complete one of the following:

- Complete 8 credits of ESL courses listed below (grade B or higher)
- Submit one of the following test scores required for unconditional Utah Tech admission: TOEFL (61 iBT, 173 CBT, or 500 PBT); or Michigan (70); or USU-IELE equivalent score. Other tests may be accepted for admission to Utah Tech but will not fulfill this requirement. Official scores must be submitted to the Registrar's Office.

¹ General Education Foreign Language Classes may be found on the General Education page. (<https://catalog.utahtech.edu/programs/generaleducation/#foreignlanguagerequirementtext>)

Elective Requirements

Complete the following:

- Courses to bring total number of credits to not less than 60.
- Courses that will lead to further study in baccalaureate programs.

Graduation Requirements

1. Complete a minimum of 60 college-level credits (1000 and above).
2. Complete at least 20 semester hours of credits at Utah Tech for institutional residency.
3. Cumulative GPA of 2.0 or higher.

AA/AS General Education Program Learning Outcomes

At the successful conclusion of this program, students will be able to:

1. Describe the world and its people from various points of view in terms of philosophical, cultural, social, historical, and scientific ideas and beliefs that have shaped civilization over time.
2. Demonstrate critical thinking and intellectual curiosity through problem-solving and innovation relative to existing and emerging issues.
3. Demonstrate effective communication in written, oral, quantitative, and visual formats and interpret the communication of others.
4. Demonstrate information literacy skills including an understanding of the nature, organization, and methods of access and evaluate electronic and traditional resources.
5. Identify and apply quantitative principles and methods in the solution of problems and draw and evaluate conclusions in order to check the logic and validity of statements and models.
6. Describe how cultural identities, experiences, and various social structures and experiences shape individual perspectives of the world and influence interaction with people from different backgrounds.
7. Evaluate and reflect upon personal lives, careers, and interests in relation to the political process, general welfare, and individual responsibility for society's moral/ethical well-being.
