Program Description

The Honors Program at Utah Tech University provides an intensive and rigorous curriculum to motivated students who want a more challenging classroom experience that focuses on problem-solving, critical thinking, leadership, and social responsibility. The Utah Tech Honors Program is a member of the National Collegiate Honors Council.

Admission

Admission to the Utah Tech Honors Program is required and is based on a number of factors, including GPA, test scores, etc. Students are encouraged to visit the Utah Tech Honors Program website (<https://honors.utahtech.edu/>) for further information and to apply.
