Integrated Studies, BA/BS

Program Description
Utah Tech State University’s Integrated Studies program allows students to stand out from the crowd by earning bachelor’s degrees different from traditional, discipline-specific majors. Students select an emphasis in two different areas and combine knowledge from and an understanding of the relationships between these two academic or professional fields, identifying and exploring significant connections between disciplines to support their postgraduate goals.

Program Curriculum
120 credits

Utah Tech General Education Requirements
All Utah Tech General Education requirements must be fulfilled. A previously earned degree may fulfill those requirements, but courses must be equivalent to Utah Tech’s minimum General Education standards in American Institutions, English, and Mathematics.

Complete one of the following:

- Complete 16 credits in a single foreign language, through earned credit (grade C or higher), credit by examination, or vertical credit from the courses listed on the GE Foreign Language Requirement page

OR

Complete a 1010 course listed below in a second foreign language (grade C or higher) AND one of the following:

1. In a language not taught at Utah Tech, receive 12 FLATS exam credits for FLAT 1000 (8) and FLAT 2000 (4)

OR

Available only to students who are nonnative English speakers, complete one of the following:

- Complete 16 credits of ESL courses listed below (grade B or higher)
- Submit one of the following test scores required for unconditional Utah Tech admission: TOEFL (61 iBT, 173 CBT, or 500 PBT); or Michigan (70); or USU-I&ELE equivalent score. Other tests may be accepted for admission to Utah Tech but will not fulfill this requirement. Official scores must be submitted to the Registrar’s Office.

Total Hours | 3-16

1 General Education Foreign Language Classes may be found on the General Education page. (catalog.utahtech.edu/programs/generaleducation/#gerequirementstext)

Integrated Studies Program Learning Outcomes

At the successful completion of this program, students will be able to:

1. Formulate real-world problems and issues by integrating theories, methods, content, and perspectives from multiple disciplines.
2. Assemble research in the academic and professional literature related to various discipline-specific fields.
3. Author cogent, organized, articulate, research-based written and oral communication.
4. Integrate theories, methods, content and perspectives from multiple disciplines to produce an original, research-based artifact, performance, event, or paper.
5. Synthesize diverse sociocultural and academic perspectives.
