

Military Science Minor

Military Science Minor Requirements

33 Credits

Code	Title	Hours
MILS 1200	Introduction to Leadership Excellence	1
MILS 1210	Foundations of Leadership	1
MILS 1212R	Military Fitness ¹	.5
MILS 2200	Leadership and Ethics	2
MILS 1512L	Military Science Cadet Lab ²	1
MILS 2210	Army Doctrine and Decision-Making	2
MILS 3200	Training Management and Warfighting Functions	3
MILS 3210	Applied Leadership in Small Unit Operations	3
MILS 4200	The Army Officer	3
MILS 4210	Company Grade Leadership	3
One History course (choose one of the following)		
HIST 2700	U.S. History to 1877	3
HIST 2710	U.S. History Since 1877	3
Elective:		
MILS 4312R	ROTC Independent Study	2

1. Contracted ROTC cadets must be concurrently enrolled in MILS 1212R. Non-contracted students/cadets are not required to take this course but are strongly encouraged to do so if the cadet wants to compete for campus-based scholarships. Repeatable for credit 8 times (4 total credits).
2. Required to be taken concurrently with all MILS courses except MILS 1212R and MILS 4312R; In the rare cases in which a student is enrolled in two MILS courses that require the lab in the same semester, the student only needs to enroll once: repeatable for credit 8 times (8 credits total).

Completion Requirements

- Complete all coursework that fulfills requirements in the minor with a grade C or higher. Additionally, both scholarship and non-scholarship contracted Cadets must maintain a minimum acceptable GPA of 2.00 on a 4.00 scale each semester. Failure to achieve a minimum 2.00 will result in suspension of benefits (stipend and/or scholarship). If a cadet fails to achieve a 2.0 for two semesters, they can be dismissed (dis-enrolled) from the ROTC program. This does not affect their overall enrollment at the university.

Notes

All courses listed except MILS 4312R (Independent Study) are required for the minor (and to proceed to officer commissioning). Officer commissioning may have additional event participation requirements.

An academic minor is an attribute of a baccalaureate degree, not an entity by itself, and can only be awarded at the same time that a student graduates with a bachelor's degree. Students must declare a minor prior to submitting a graduation application. A minor may not be added to a previously awarded degree. Students must complete the minor requirements prior to or concurrent with completion of their bachelor's degree requirements. Minors are not available with associate's degrees.

Students may not declare a minor that is in the same discipline as their major. Example: English majors cannot declare any English minor.

Integrated Studies majors may not have an academic minor in the same discipline as either of their two declared emphases. Example: An Integrated Studies major with emphases in English and Spanish cannot receive a minor in either English or Spanish.
