

Master of Marriage and Family Therapy, MMFT

Master of Marriage and Family Therapy Program Learning Outcomes

At the successful completion of this program, students will be able to:

1. Demonstrate competence and ethical standards within their role as employed mental health professionals who have successfully obtained appropriate licensure.
2. Exhibit effective skills as an MFT practitioner by evaluating and applying systemic/relational models of MFT to a variety of clinical contexts, problems, and populations for assessment and treatment.
3. Develop and incorporate a global worldview and a multicultural focus into their professional practice, with appropriate sensitivity to a diverse clientele.
4. Demonstrate the ability to engage in and apply research effectively within their professional practice.
5. Demonstrate knowledge sufficient to successfully pass the national exam to qualify for licensure.
