Dance, BA/BS

BA/BS Dance Program Learning Outcomes

At the successful conclusion of this program, students will be able to:

1. Perform dance with artistry while demonstrating technical competency.
2. Compose original dance works that implement the choreographic process as creative research from artistic stimulus to finished product.
3. Analyze the discourse of dance, including the historical and cultural development of dance as an art form, from multiple sources and perspectives and articulate an informed point of view in verbal and written communication.
4. Analyze and apply concepts of dance science and somatics to personal movement practice and pedagogy.
5. Implement the knowledge and skills necessary for pursuing a career in the dance field.
