Theatre - Design/Technical Emphasis, BA/BS

Program Description

The Utah Tech State University Theatre program provides the tools for students to become well-rounded artists, scholars, educators, and lifelong learners. This is realized by combining comprehensive theatrical training with a strong liberal arts curriculum. Through its production season, this program gives the students a range of design, technical, and performance opportunities. It also provides the general student body and community with historically, socially, and culturally diverse theatrical experiences.

Program Curriculum

120 credits

Utah Tech General Education Requirements

All Utah Tech General Education requirements must be fulfilled. A previously earned degree may fulfill those requirements, but courses must be equivalent to Utah Tech's minimum General Education standards in American Institutions, English, and Mathematics.
